

Appointment Policy

At The AfriCentric Spa, "Appointment" means we reserve the time, the student, the staff and the facility to properly complete your service. "No Shows" are a disruption to our program, and a disservice to the student's educational opportunity. Therefore, we consider this policy fair:

- Appointments are not required, but are recommended.
- To reserve any Spa service, a 50% advanced payment is necessary. We accept cash, check, credit card or gift certificate.
- There will be no charge provided the reservation is canceled at least 24 hours prior to the scheduled appointment.
- Please be on time. If you arrive more than 15 minutes late, we will attempt to provide the complete service but reserve the right to abbreviate as necessary.

Gift Certificates

Gift certificates may be purchased in the dollar amount of your choice, or by designated treatment.

All treatments and services are performed by student cosmetologists under the supervision of licensed cosmetology instructors.

We hope that you enjoy your visit at this unique facility, and we hope you are able to pamper yourself often!

Skin Care Services

Personal Spa Facial

\$30.00

Because we select products best suited to your skin type, this facial is precisely designed to encourage your skin to look and feel its absolute best. Your lavish prescription includes deep cleansing, gentle massage, steam and a mask followed by a refreshing toner and skin-type appropriate essential oils and creams. While the mask is timed, your hands and feet are gently cleansed, massaged with vitamin-rich creams, then wrapped in heated mitts and booties. A complimentary shampoo and blow dry completes your Personal Spa Facial.

Acne / Oily Skin Treatment Facial

\$35.00

Moor Mud Facial Mask is comprised of herbs and medicinal plants that have broken down and have been preserved for thousands of years. The antibiotic and detoxifying properties provide an effective treatment for oily and acneic skin. To begin, your hands and feet are gently cleansed, massaged with vitamin-rich creams, then wrapped in heated mitts and booties. Next is facial deep-cleansing, with gentle massage, steam, and for the final 2-5 minutes, the imported Moor Mud is steamed onto your face and neck. Mud removal is followed by a refreshing toner, and skin-appropriate essential oils and creams. A complimentary shampoo and blow dry completes your treatment.

Proteolytic Enzyme Peel

\$35.00

Pancreatic enzymes that dissolve dead keratinized skin cells, combined with colloidal oats which are calming and hydrating to the skin, along with soothing and anti-inflammatory chamomile that gently exfoliates the skin, comprise the ingredients of this treatment mask that exfoliates the skin of dead cells while restoring its suppleness, leaving the skin refreshed and glowing. First, your hands and feet are gently cleansed, then massaged with vitamin rich creams, then wrapped in heated mitts and booties. Next is facial deep-cleansing, with gentle massage, steam, and for the last 5 minutes, the enzymes are steamed onto your skin. After gently removing the residue, appropriate essential oils and creams are massaged into your skin. A shampoo and blow dry completes your peel.

Spa Body Treatments

African Shea Butter

Dry-Brush Body Wrap

\$60.00

Our premier body treatment! Your student technician begins your treatment by dry-brushing your body. This exfoliating treatment is an excellent method of removing the dry flaky outer layer of the skin. Following your invigorating "brushing," your body is misted with soothing Lavender Mist. 100% pure African Shea Butter, imported from West Africa, is then massaged over your entire body, after which you are cocooned in blankets for 20 minutes to allow a deep penetration of the Shea Butter. During this time, your feet and hands are wrapped in warm mitts and booties to allow further penetration of the Shea Butter. While resting, you will receive a mini facial followed by light and soothing scalp manipulations. After you are unwrapped, any excess Shea Butter is massaged into your skin before another spritz of Lavender Mist.

Chocolate Decadence Body Scrub

\$55.00

A luxurious and indulgent treat for your entire body. Relax and inhale the sweet scent of chocolate as your body is exfoliated with a scrub containing real chocolate! After you are buffed, a decadent layer of chocolate butter cream is smoothed onto your body. As the cream penetrates and hydrates, your face and neck are cleansed and massaged to further relax your weary body. Chocolate contains compounds found to have slimming and calming effects on the body. Antioxidants thwart free radicals which are responsible for cell aging. And you thought chocolate was sinful!

Misty Steam Body Wrap

\$50.00

Steam away your stress while you relax in this detoxifying steam canopy which brings impurities to the surface — ready to be wiped away with soft, damp cloths. Next, Sweet Almond Oil and Lavender Essential Oil is massaged over your body. As you relax for 20 minutes cocooned in warm blankets, your face and neck are cleansed and rich creams are massaged into your skin. Completing the wrap is a head to toe misting with Lavender Aromatic Mist.

All Spa Body Treatments are followed by a complimentary shampoo and blow dry. Those clients who desire a more complete hairstyle will be charged accordingly.
